Subject: Mallinckrodt Suspicious Order Report/American Pharmacy Solutions/Buprenorphine HCl

<<American Pharmacy.doc>>

Pete,

We have received orders from a perspective new customer account as follows:

American Pharmacy Solutions
Mobile AL
DEA Registration FA0915542 (Pharmacy)

Controlled substance item ordered and quantity:
350 grams of Buprenorphine

As part of the Mallinckrodt Suspicious Order Monitoring process, our Credit Department performs a credit check and records search on new controlled substance customer accounts prior to account activation/order fulfillment.

Jason Kelley is named as the owner of American Pharmacy Solutions and a related company, Applied Pharmacy Services.
The information attached was located as part of the information search.

As a result, Mallinckrodt will not be proceeding with American Pharmacy Solutions controlled substance customer account set-up.

Mallinckrodt will not fill the Buprenorphine orders that American Pharmacy Solutions has placed.

Further, Mallinckrodt has verified that we have no established account for the related company, Applied Pharmacy Services and have entered these customer names on our "Do Not Ship List" to prevent future account activity.

Karen Harper
